## BIO

Madi Still, the woman behind Still PREP'n 24/7, started her journey into discovering her power nearly a decade ago when she survived the death of her two-day old son Noah. For one year, she struggled with overwhelming grief, until one day she chose to persist past pain and discover her purpose and passion.

Former public school teacher turned full time "MomPreneur" and TEDx speaker, she combines her passion for teaching with her desire to be a force for positive change in the world by forging empowering relationships with hundreds of other like-minded people. She is an advocate for health on all levels: physical, mental, emotional, and spiritual. Her gift is to P.R.E.P (positively restore and empower people) and provide vision to those in need.
